

City of Brodhead, Wisconsin
Brodhead Public Works/Forestry Committee Meeting
Minutes for June 4, 2019
Not yet approved

Present: Rich Vogel, Mary Mason, Barb Krattiger, Allen Bruce
Absent: Holly Everson

Discuss/Possible Action approval of May minutes. Motion by Allen, second by Mary to accept minutes as presented. Motion passed.

Public Appearances – None

Rich informed the committee that the Three Waters Reserve (Decatur Golf Course) requested annexation into the City as a part of the Pearl Island property. Rich informed the committee that the Pearl Island property is not annexed to the City. Committee decided to present the request to the Council to see if they are interested in annexation of the property.

Rich informed the committee that the Searles Creek phosphorus trading project is due to start construction early June and should be at substantial completion by the end of September.

Spring Clean-up – Because of the problems encountered this past spring clean-up (mattresses not in sealed bags, pesticides, syringes and recyclables set out with garbage) we are looking at ways to still provide the service but with a safer and better controlled policy.

Street maintenance projects – Rich informed the committee that some needed street repairs will have to be cut due to the lack of funds.

Budget – Discussed budget. No action taken.

Committee comments or questions – Discussed DNR lot at W 3rd Avenue and Exchange Street. Rich is in contact with the DNR to see what can be worked out to keep the property mowed and restrooms open.

Next meeting set for July 2nd, 2019

Motion to Adjourn by Barb, second by Mary. Motion passed.
